

## Colormatch News Bulletin—May 2012

We are very proud to announce the addition of the AkzoNobel line of paints to our Colormatch stores. We believe that offering Sikkens, Lesonol, and Wanda brands will provide our customers with a wider range of selections and provide flexibility of choice based on both quality and price—in keeping with the other fine lines of paint we carry, including DuPont Refinish, Spies Hecker, Standox, and Nason.

AkzoNobel is the world's largest supplier of paint and coatings products. Please go online to check out the full story, or to reference product information and MSDS. Just go to [www.colormatch.com](http://www.colormatch.com) and click on **Products** on the menu tab, then select **AkzoNobel**.

Colormatch offers all the best choices for your business. Check with your local store or sales representative to determine the best way we can meet your needs today! Please note that all products may not be available in all stores, and that our line card below represents many, but not all of the brands we carry.

### **COLORMATCH LINE CARD**
